Comprehending as with ease as bargain even more than new will meet the expense of each success. next-door to, the statement as without difficulty as insight of this creative solutions accounting system requirements can be taken as well as picked to act.

Here is an updated version of the \$domain website which many of our East European book trade customers have been using for some time now, more or less regularly. We have just introduced certain upgrades and changes which should be interesting for you. Please remember that our website does not replace publisher websites, there would be no point in duplicating the information. Our idea is to present you with tools that might be useful in your work with individual, institutional and corporate customers. Many of the features have been introduced at specific requests from some of you. Others are still at preparatory stage and will be implemented soon.

### **Creative Solutions Accounting System Requirements**

Our system requirements are based on the assumption that professional accounting firms replace their computer hardware and operating systems approximately every three years. While our software may operate on less powerful hardware and operating systems, we do not believe it will perform at a level suitable for production work in those environments. Of course, as processing speed and RAM are increased, software performance will also improve.
