## **95 Suzuki Sierra G13BA timing**

The 13A is the Samurai engine, and the 13B was the Swift twin cam engine? If so, the Swift is a far better engine with a forged bottom end and a much better flowing intake, head and exhaust manifold. even though you give up a few CCs, this is the motor to pick! It produces more power and revs higher. No real fear of hurting this engines bottom end.
