Unlike Project Gutenberg, which gives all books equal billing, books on Amazon Cheap Reads are organized by rating to help the cream rise to the surface. However, five stars aren't necessarily a guarantee of quality; many books only have one or two reviews, and some authors are known to rope in friends and family to leave positive feedback.

Taunton's Complete Illustrated Guide to Routers by Lonnie Bird is one of three used router books I recently purchased via Amazon. This book presents a decent introduction to routers and has a good section on router bits. Section three gets into router tables and, unfortunately, the rest of the book is about what you can do with router table.
