### The Toaster Project Or A

"At once a charming manifesto for the maker movement and a poetic reflection on consumerism's downfall, The Toaster Project is a story of reacquainting ourselves with the origins of our stuff, part Moby-Duck, part The Story of Stuff, part something else made entirely from scratch."

### The Toaster Project: Or a Heroic Attempt to Build a Simple ...

The Toaster Project was an attempt by Thwaites to build a modern appliance, in this case a toaster, from scratch. Starting with digging up the required ores and fabricating plastic and electrical cables etc from the raw materials.

### The Toaster Project: Or a Heroic Attempt to Build a Simple ...

To answer these questions, Thwaites set out to construct, from scratch, one of the most commonplace appliances in our kitchens today: a toaster. The Toaster Project takes the reader on Thwaites s journey from dismantling the cheapest toaster he can find in London to researching how to smelt metal in a fifteenth-century treatise. His incisive restrictions all parts of the toaster must be made from scratch and Thwaites had to make the toaster himself made his task difficult, but not impossible.

### The Toaster Project: Or a Heroic Attempt to Build a Simple ...

In a nine-month project as part of his MA course, Thwaites attempted to build a toaster from scratch. The project was inspired by a quote from Douglas Adams ' 1992 novel Mostly Harmless: "Left to his own devices he couldn't build a toaster. He could just about make a sandwich, and that was it."

### Thomas Thwaites (designer) - Wikipedia

It takes an entire civilization to build a toaster. Designer Thomas Thwaites found out the hard way, by attempting to build one from scratch: mining ore for steel, deriving plastic from oil ... it's frankly amazing he got as far as he got. A parable of our interconnected society, for designers and consumers alike.

### Thomas Thwaites: How I built a toaster -- from scratch ...

The Toaster Project is an example of how we often fail to notice the complexity of our modern world. When you buy a toaster, you don't think about everything that has to happen before it appears in the store. You aren't aware of the iron being carved out of the mountain or the oil being drawn up from the earth.
