Tots The Animal

Cell"

is the first book I have written and published. Driven as a mother to educate and inspire, I found that

there was a gap in current available

literature when it came to introducing my child to the basics of science and biology.

My children's STEM series, "Think-A-Lot-Tots" is a read-along picture book series that focuses on science-based topics such as biology and pathophysiology. The main goal in writing my books is to introduce seemingly advanced and complex concepts to our youngest readers all the while using fun, simple sentences and
